REVIVE BROCHURE

Revive
Genius®

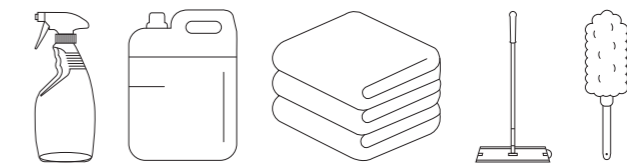

Revive by Genius®

Revive is a professionally curated range of high-performance cleaning chemicals, detergents and janitorial supplies, developed to deliver reliable results across a wide range of commercial environments.

Covering Accommodation, Food Services, Floorcare, Washroom, Laundry, Healthcare and Skin Care, Revive provides specialist solutions that help streamline operations, standardise cleaning practices and reduce complexity.

Revive helps businesses create cleaner, safer and more welcoming environments for customers, guests and staff alike.

— I'm in the range —

CHEMICALS • MICROFIBRE CLOTHS • FLAT MOPS • DUSTERS

Nefél by Genius®

Nefél combines signature fragrances with Italian craftsmanship to offer a distinctive alternative to traditional luxury brands. From soaps and lotions to hair and body care, each product is carefully designed to work in harmony, creating a cohesive and elevated guest experience.

Created for restaurants, hotels and workplace environments, the Nefél collection brings understated elegance to everyday spaces, transforming routine interactions into memorable sensory moments.

The range also includes soaps certified with the EU Ecolabel, providing independent assurance of environmental responsibility.

— I'm in the range —

HAND AND BODY SOAPS • LOTIONS • SHAMPOOS • CONDITIONERS

- Hand
- Stick
- Tub
- Upright
- Wet & Dry
- Small Sweeper

SPRINT BROCHURE

Sprint by Genius®

Built for commercial performance, our vacuum range delivers the ideal balance of durability, value and ease of use. Designed to meet the demands of daily operation, these machines are trusted across multiple sectors.

Choose from battery or mains-powered upright vacuums, as well as a versatile range of tub vacuums featuring telescopic wands and high-visibility orange power cables as standard for enhanced safety and convenience.

For environments with more specialised requirements, the range also includes water-filtration system that helps capture fine particles and contribute to improved indoor air quality.

— I'm in the range —

HAND • STICK • TUB • UPRIGHT • WET & DRY TUB VACUUMS

Satino by Genius®

A complete washroom system that combines hygiene paper with a coordinated range of professional dispensers.

All dispensers are designed for durability and simple servicing, featuring clear fill-level visibility, secure locking and easy-clean surfaces. Flexible mounting and controlled dispensing help reduce waste while maintaining a consistent, sleek appearance, in black or white.

Dispensers are available on a free-on-loan basis*, linked to ongoing paper supply, making it easy to maintain consistent hygiene standards without capital investment.

— I'm in the range —

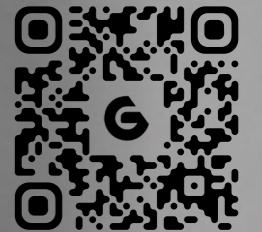

DISPENSERS • WASTE BINS • TOILET ROLLS • PAPER TOWELS

IN THE RANGE

- Dispensers
- Waste Bins
- Toilet Tissue
- Hand Towels
- Roll Paper
- Facial Tissues
- Hand Soap
- Hand Gels

SATINO BROCHURE

TROLLEY'S FOR

- Hospitality
- Laundry
- Healthcare
- Multi-service
- Janitorial
- Customisable

MODU BROCHURE

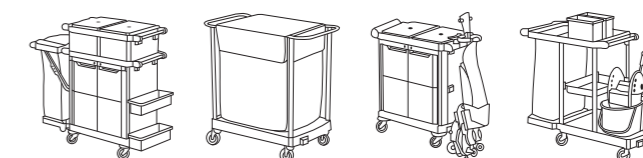

Modu by Genius®

Modu is a versatile, fully configurable trolley system developed to meet the needs of modern hospitality, healthcare, janitorial and multi-service operations.

Built for strength and reliability, Modu trolleys are tested to carry loads of up to 300kg, yet remain exceptionally easy to manoeuvre. Features such as sound-dampened wheels and soft-close lids ensure quiet operation, making them particularly well suited to guest, patient and resident environments.

With secure, lockable storage compartments and a highly adaptable design, Modu helps streamline workflows, improve organisation and support efficient day-to-day operations without compromising on durability or ease of use.

— I'm in the range —

HOUSEKEEPING • LAUNDRY • HYGIENE • MULTI-SERVICE • JANITORIAL • CUSTOM

IN THE RANGE

- Swift
- Swift Pro
- Base Station

SWIFT BROCHURE

Swift by Genius®

Designed specifically for the demands of commercial environments, Swift robotic vacuum includes adaptations that support consistent, reliable cleaning with a theoretical cleaning rate of approximately 100m² per hour per machine.

By automating vacuuming, Swift helps streamline cleaning operations and frees teams to focus on higher-value work such as touch-point sanitisation and deep cleaning where it matters.

Swift is widely deployed across the UK, with over 10,000 units in operation, delivering a fantastic ROI in just 3 months, demonstrating proven performance in real-world commercial settings, particularly in the hospitality sector.

— I'm in the range —

SWIFT • BASE CHARGING STATION (UK PATENTED)

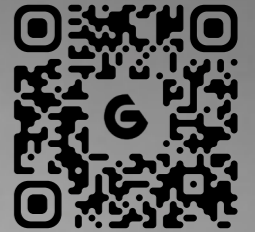

Swift Genius®

IN THE RANGE

- Scrubber Dryers
- Sweepers
- Oscillators

MAX BROCHURE

Max by Genius®

Max offers a comprehensive range of scrubber dryers, sweepers and oscillating floor machines designed to meet the demands of everyday commercial cleaning. With user-friendly operation, the range is easy to train on and enables teams to work efficiently from day one.

To ensure the right solution for every environment, we provide pre-site assessments and on-site demonstrations, helping match equipment specifications to operational requirements. Comprehensive service packages offer ongoing support and peace of mind.

Flexible finance options make it easy to invest in the latest cleaning technology, allowing upgraded equipment with minimal disruption.

— I'm in the range —

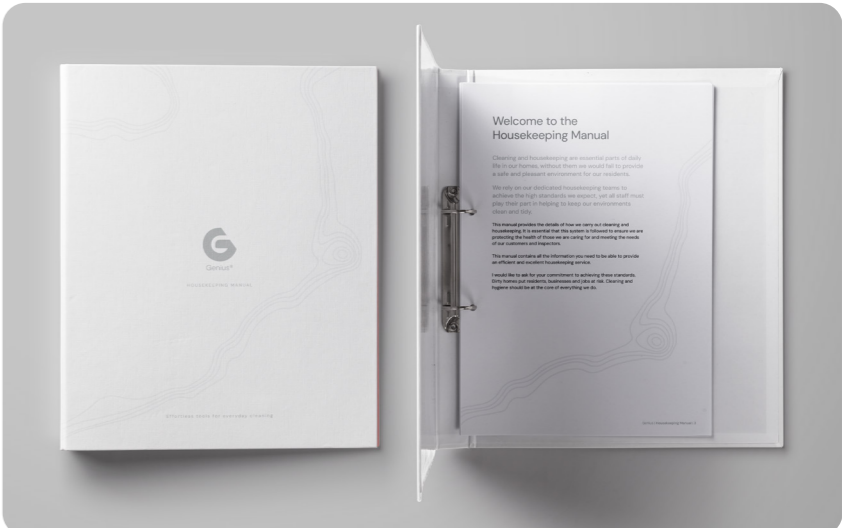

OSCILLATORS • SCRUBBER DRYERS • SWEEPERS

Toolkit

The Genius Toolkit is designed to bring our products together into centralised resources to be used throughout your daily operations.

With our Revive range, we can support with:

- Chemical Quickview posters: for improved QA and health and safety
- Trolley laminates: enabling staff to use the correct products in the correct locations.
- Guidance and touchpoint signage

If you are adopting the whole Genius solution, we can work with you to produce a bespoke housekeeping manual. Detailing chemicals, microfibres, trolleys, vacuums and your associated processes.
