Max G22RB

G22RB

The G22RB is a compact ride-on floor scrubber dryer designed for efficient daily cleaning and maintenance tasks.

In larger facilities, narrow corridors or compact areas that can be difficult to clean with traditional equipment. The G22RB offers manoeuvrability needed for small spaces while providing the power and efficiency of a ride-on scrubber. This makes it an excellent choice for maintaining floors quickly and effectively across different environments.

Features & Benefits

Ride-on but flexible

90L high-capacity solution tank. Flexible control with steering wheel knob ball booster.

Enjoy the drive, finish the cleaning

The powerful drive motor delivers speeds of up to 5km/h and handles climbing gradients of up to 12%. With two 12V/120Ah maintenance-free batteries, up to 4.5 hours of continuous operation, ensuring durability and efficiency.

Safety is the priority

The pressure-sensitive seat prevents accidental activation by stopping the machine when not properly occupied.

For enhanced safety, the machine automatically slows down during turns and when reversing, reducing the risk of collisions. It also features an active braking system with a braking torque of up to 6Nm, ensuring precise and reliable stopping.

G22RB Specifications

Cleaning width	560mm
Squeegee width	780mm
Working efficiency	2800m²/h
Brush pressure	38kg
Brush rpm	180rpm
Brush motor	DC24/500V/W
Vacuum motor	DC24/390V/W
Traction motor	DC24/300V/W
Forward speed	0-5Km/h
Solution tank	90L
Recovery tank	100L
Max gradeability	12%
Machine dimensions (squeegee excluded*)	1365 X 665 X 1040mm

*Dimensions L | W | H
