Overview

44 Compare and Choose

Engineered for reliability and exceptional performance.

Designed from the ground up for professionals who expect more, this next generation line-up features robust wet and dry vacuums, advanced water-filtration models for enhanced air quality and versatile tub vacuums that bring agility and strength to everyday tasks.

Whether you're running a commercial cleaning operation, maintaining high-traffic hospitality environments, or managing the demanding needs of an industrial facility, our vacuums are engineered to perform with unwavering consistency. They deliver the high-quality results your business relies on, day after day, shift after shift.

With performance you can trust and reliability that stands up to real world demands, this range empowers your team to work smarter, faster and more effectively, no matter the challenge.

Tub Vacuums

IN THE RANGE

- TV1
- TV2
- TV3

Sprint TV1

- Robust commercial tub vacuum
- Lightweight & easy to manoeuvre
- High-performance suction & shockproof polypropylene tank
- High-visibility orange power cable

The Sprint TV1 is a professional grade bagged tub vacuum, designed to deliver exceptional cleaning performance in demanding environments, perfect for large areas such as hotels, offices, schools and commercial facilities, it combines industrial power with everyday convenience, making it equally suitable for home use.

The Sprint TV1 is durable and reliable, ensuring consistent performance even during intensive, long-term operation. Its compact design and lightweight construction make it easy to manoeuvre, allowing users to move effortlessly around furniture and between rooms.

INCLUDED EQUIPMENT:

- Small nozzle
- Brush nozzle
- Crevice nozzle
- 2.8m suction hose
- Telescopic wand
- 2 paper bags

Sprint TV1 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	750W	12m	10L Bag	5.8kg	67dB

INCLUDED EQUIPMENT:

- Small nozzle
- Brush nozzle
- Crevice nozzle
- 2.8m suction hose
- Telescopic wand
- 2 paper bags

Sprint TV2 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	750W	12m - Manual Rewind	10L Bag	6.3kg	67dB

Sprint TV2

- Robust commercial tub vacuum
- Lightweight, ergonomic design
- High-performance suction & shockproof polypropylene tank
- High-visibility orange power cable

The Sprint TV2 bagged tub vacuum delivers professional-grade cleaning performance in a compact and easy-to-handle design. It combines power, durability and convenience to ensure effortless cleaning every day. Its high-efficiency, long-life motor provides powerful, consistent suction for deep and effective cleaning across carpets, hard floors and a wide variety of commercial surfaces.

Combining industrial reliability with user friendly design, the Sprint TV2 is the perfect choice for anyone seeking a powerful, dependable and efficient vacuum for professional use.

Sprint TV3

- Robust commercial tub vacuum
- Lightweight & easy to manoeuvre
- High-performance suction & shockproof polypropylene tank
- High-visibility orange power cable

The Sprint TV3 is a robust commercial bagged tub vacuum engineered to deliver powerful, reliable cleaning performance in demanding professional environments. Combining a durable shock-resistant polypropylene tank with a high-efficiency motor, it provides exceptional suction power for the effective removal of dust, dirt and debris from both carpets and hard floors.

Equipped with a vacuum level control on the hose handle and a manual rewind system enabling quick, safe and convenient cable management.

Mains 240V	N/A	750W	15m - Manual Rewind	10L Bag	7kg	67dB

Wet Vacuums

IN THE RANGE

• WV1 • WV2 • WV3 • SE2

Sprint WV1

- Wet & dry functionality for complete cleaning versatility
- Easy emptying & maintenance
- High-performance suction & durable shock-resistant polypropylene tank
- Lightweight, compact design

The Sprint WV1 transforms the way vacuum cleaners deal with dust. Its powerful water filtration system captures dirt, dust and allergens directly in water, preventing particles from escaping back into the air as you clean. Instead of relying on traditional bags or dry filters that can release fine dust, the Sprint WV1 locks contaminants into water, delivering a deeper and more hygienic clean. Leaving noticeably fresher air in the surrounding environment.

The Sprint WV1 delivers consistent, high-performance suction for everyday commercial and industrial cleaning tasks.

15L

MAINS

INCLUDED EQUIPMENT:

- Universal nozzle
- 3 small nozzles
- 2.8m suction hose
- Two rubber slats
- Telescopic wand
- Water system
- Fleece dust bag

The Sprint WV1 features three distinct modes to meet your specific cleaning requirements:

- Bagged mode
- Bagless (wet) mode
- Bagless (water filter)

Sprint WV1 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	1,200W	12m - Manual Rewind	15L Bag or Bagless	9kg	67dB

INCLUDED EQUIPMENT:

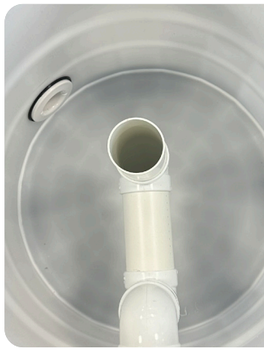

- Universal nozzle
- 3 small nozzles
- 2.8m suction hose
- Two rubber slats
- Telescopic wand
- Water system
- Fleece dust bag

The Sprint WV2 features three distinct modes to meet your specific cleaning requirements:

- Bagged mode
- Bagless (wet) mode
- Bagless (water filter)

Sprint WV2

- Wet & dry functionality for complete cleaning versatility
- High-Efficiency Motor
- High-performance suction & durable shock-resistant polypropylene tank
- Lightweight, compact design

The Sprint WV2 introduces a new approach to dust management in vacuum cleaners. Its advanced water-filtration system traps dirt, dust, and allergens directly in water, preventing these particles from being released back into the air during cleaning. The Sprint WV2 binds contaminants in water, ensuring a more thorough and hygienic cleaning process. As a result, it helps leave the surrounding air noticeably fresher and cleaner.

Designed for heavy-duty professional use, this vacuum ensures consistent suction power across extended cleaning sessions.

Sprint WV2 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	1,200W	7m - Manual Rewind	30L Bag or Bagless	10.8kg	67dB

Sprint WV3

- Robust industrial extraction vacuum
- Easy to use dump hose
- High-performance suction & steel shock-proof tank
- Robust metal chassis, Large bearing-mounted wheels & High-visibility orange power cable

When it comes to heavy-duty liquid extraction, the Sprint WV3 delivers uncompromising performance. Built for demanding industrial environments, this machine combines powerful suction, rugged durability, and user-focused design to handle even the toughest clean-up jobs with ease. Generating exceptional suction power to quickly remove water, sludge, oils, and other liquids. Whether you're dealing with flooding, spills, or routine maintenance, it gets the job done faster, saving you time and labour.

60L

MAINS

INCLUDED EQUIPMENT:

- Dump hose

Sprint WV3 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	1,200W	7m - Manual Rewind	60L	24kg	67dB

Sprint SE2

- Powerful water extraction vacuum
- Integrated injection-extraction system
- Lightweight & easy to manoeuvre
- High-efficiency motor providing strong suction power

The Sprint SE2 water extractor vacuum is a compact yet powerful multi-functional cleaning machine. Combining wet and dry vacuuming with deep extraction cleaning, it delivers outstanding performance across carpets, upholstery, and hard floors.

Ideal for carpet and rug cleaning, as well as upholstery and fabric, including sofas, chairs, and car interiors. It can also be used for washing hard floors and performing both wet and dry vacuuming. Thanks to its dual functionality, users can switch seamlessly between standard vacuuming and deep cleaning without the need for multiple machines.

8L 21L MAINS

INCLUDED EQUIPMENT:

- Hydrolytic flexible hose
- Extractor extension wand
- Armchair & carpet nozzle
- Nozzle & dusting brush
- Steel combined nozzle
- Crevice & anti-foam device
- Polyester & sponge filter

Sprint SE2 Specifications

Power Source	Runtime	Power	Cable Length	Solution Tank	Recovery Tank	Weight	Noise Level
Mains 240V	N/A	1,100W	12m	8L	21L	16.8g	60dB

Cordless Vacuums

IN THE RANGE

- HV1
- SV1

Sprint HV1

- Compact cordless hand held vacuum
- Ultra-lightweight
- High & low power settings for carpets & hard floors
- Long-lasting battery providing 36 minutes of runtime

Experience the ultimate in portable cleaning with the Sprint HV1, a compact, ultra-lightweight hand held vacuum designed for everyday cleaning where space is tight. With high-efficiency cyclonic suction, dual-mode operation and HEPA H13 filtration.

A dedicated charging and storage dock keeps the vacuum conveniently stored and always ready to use. Simply place the unit on the dock when you're done and it automatically recharges while staying neatly organised.

0.15L

BATT

INCLUDED EQUIPMENT:

- Long crevice tool
- 2-in-1 upholstery and floor tool
- Aluminium extension tube

Sprint HV1 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Battery	36min	120W	N/A	0.15L	0.9kg	82dB

INCLUDED EQUIPMENT:

- 2-in-1 brush
- Crevice nozzle with light
- Upholstery tool

LED touch controls

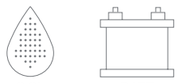

Sprint SV1

- Portable cordless stick vacuum
- Ultra-lightweight
- 3 optimised suction modes to match any cleaning task
- Intuitive LED touch controls

The Sprint SV1 is an ultra lightweight, portable stick vacuum designed for ultimate convenience without compromising on performance. Engineered for effortless versatility, the Sprint SV1 glides with ease, making quick clean-ups and deep-clean sessions equally seamless.

At its core is a high-efficiency brushless motor that delivers strong, consistent suction while operating quietly and efficiently. Paired with advanced HEPA filtration, the Sprint SV1 captures fine dust, allergens and airborne particles, helping create a cleaner and healthier environment.

Sprint SV1 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Battery	85min	500W	N/A	0.6L	3.3kg	82dB

Upright Vacuums

IN THE RANGE

- UV1
- UV2
- UV3
- UV4
- UV6

Sprint UV1

- High performance upright vacuum
- Lightweight upright design
- Multi-stage filtration system
- 300mm vacuum working width, ideal for carpets & hard floors

The Sprint UV1 is a high-performance upright vacuum built for commercial use, ideal for meeting the rigorous demands of professional cleaning settings. Engineered for durability, efficiency, and user comfort, it provides outstanding cleaning results across a variety of floor surfaces.

The Sprint UV1 includes a sophisticated dual-motor system. One motor drives the brush roller, while the other delivers strong suction power. This combination enhances cleaning efficiency by loosening carpet fibres as it simultaneously removes embedded dirt, dust, and debris from deep within the pile.

INCLUDED EQUIPMENT:

- Crevice tool
- Upholstery tool
- Stretch hose
- Telescopic wand

Sprint UV1 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	880W	12.5m	4.5L	7.5kg	82dB

INCLUDED EQUIPMENT:

- Crevice tool
- Upholstery tool
- Stretch hose
- Telescopic wand

Sprint UV2 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	880W	12.5m	4.5L	7.8kg	71dB

Sprint UV2

- High performance upright vacuum
- Lightweight upright design
- Multi-stage filtration system
- 380mm vacuum working width, ideal for carpets & hard floors

The Sprint UV2 is a high-performance commercial upright vacuum designed to meet the demanding needs of professional cleaning environments. Built for durability, efficiency and operator comfort, this powerful machine delivers exceptional cleaning performance across large carpeted areas and mixed floor surfaces.

At the core of the Sprint UV2 is an advanced dual-motor system. One motor powers the brush roller to loosen embedded dirt and lift carpet fibres, while the second delivers powerful suction to remove dust and debris from deep within the pile.

Sprint UV3

- High performance upright vacuum
- Lightweight upright design
- Multi-stage filtration system
- 450mm vacuum working width, ideal for carpets & hard floors

The Sprint UV3 is a powerful upright vacuum designed for commercial applications, perfectly suited to the exacting standards of professional cleaning. Crafted for durability, efficiency, and operator comfort, it delivers exceptional results on large carpeted areas as well as diverse floor types.

Like the Sprint UV1 and UV2, the Sprint UV3 is equipped with an advanced dual-motor system, combining a powered brush roller with high-performance suction to effectively remove embedded dirt, dust and debris from deep within carpet fibres.

4.5L

MAINS

INCLUDED EQUIPMENT:

- Crevice tool
- Upholstery tool
- Stretch hose
- Telescopic wand

Sprint UV3 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Mains 240V	N/A	900W	12.5m	4.5L	8.1kg	67dB

INCLUDED EQUIPMENT:

- Telescopic wand
- Stretch hose
- Crevice tool
- Rotating brush tool
- Universal floor nozzle

Sprint UV4

- High performance cordless upright vacuum
- 36V lithium-ion battery providing up to 60min of cordless runtime
- Multi-stage filtration system
- Adjustable power settings to suit varied surfaces

The Sprint UV4 is a powerful cordless vacuum designed for professional cleaning environments where flexibility, efficiency and performance are essential. Combining advanced digital motor technology with a lightweight design, this versatile machine delivers outstanding cleaning results across carpets, hard floors and upholstery.

At the core is a powerful brushless digital motor, engineered for strong suction performance with lower energy consumption. Multiple power settings allow the operator to adjust performance to suit different surfaces and cleaning tasks.

3L

BATT

Sprint UV4 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Battery	40-60min	340W	N/A	3L	5kg With Battery	62-65dB

Sprint UV6

- High performance upright sweeper vacuum
- Swivel joint for accurate steering
- Anti-scratch rubber wheels
- 36V lithium-ion battery providing extended cordless runtime

The Sprint UV6 sweeper vacuum features the advanced twin force system, combining the mechanical power of two high-speed, counter-rotating rollers operating at up to 2000rpm. Delivering powerful cleaning performance in a lightweight, cordless design.

The Sprint UV6 combines sweeping and vacuuming in one streamlined machine, allowing you to pick up fine dust, debris, and larger particles in a single pass. Its low-profile design and excellent manoeuvrability make it perfect for cleaning under furniture, along edges, and across open floor spaces.

INCLUDED EQUIPMENT:

- Battery charger

Sprint UV6 Specifications

Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
Battery	40-50min	270W	N/A	4L	7.6kg With Battery	68.8dB

Overview: compare and choose

A practical guide to choosing the right Sprint by Genius® Vacuum for your cleaning requirements.

COMPARE | CHOOSE | CLEAN

From compact hand and stick vacuums to commercial tub, wet/dry, extractor and upright machines, the range offers options for different cleaning environments and requirements.

Start with the type of cleaning you need, then compare power source, runtime, power, cable length, capacity, weight and noise level.

	Machine Type	Power Source	Runtime	Power	Cable Length	Capacity	Weight	Noise Level
 TV1	Tub Vacuum	Mains 240v	N/A	750 W	12 m	10 L Bag	5.8 kg	67 dB
 TV2	Tub Vacuum	Mains 240v	N/A	750 W	12 m	10 L Bag	6.3 kg	67 dB
 TV3	Tub Vacuum	Mains 240v	N/A	750 W	15 m	10 L Bag	7 kg	67 dB
 WV1	Wet/Dry Vacuum	Mains 240v	N/A	1,200 W	12 m	15 L Bag or Bagless	9 kg	67 dB
 WV2	Wet/Dry Vacuum	Mains 240v	N/A	1,200 W	7 m	30 L Bag or Bagless	10.8 kg	67 dB
 WV3	Extractor Vacuum	Mains 240v	N/A	1,200 W	12 m	60 L	24 kg	67 dB
 SE2	Extractor Vacuum	Mains 240v	N/A	1100 W	12 m	8 L Solution 21 L Recovery	16.8 kg	60 dB
HV1	Hand Vacuum	Battery	36 min	120 W	N/A	0.15 L	0.9 kg	82 dB
 SV1	Stick Vacuum	Battery	85 min	500 W	N/A	0.6 L	3.3 kg	82 dB
 UV1	Upright Vacuum	Mains 240v	N/A	880 W	12.5 m	4.5 L	7.5 kg	82 dB
 UV2	Upright Vacuum	Mains 240v	N/A	880 W	12.5 m	4.5 L	7.8 kg	71 dB
